

Cloud 9

I know I should, but I can't stop wanting you
And everyday I can't help but think of you
I try I try I try
But you keep poppin' into my mind

I know your time and your heart isn't mine to take
But I've been dreamin' -you're keepin' me awake
Please someone help me out

You've got magic I can't look away
So baby look my way

**Drop your things, let's get lost together
Come with me, I'll show you what you need
Believe it's better than what you've got now**

**We'll stay up, talk until the sunrise
Crack a joke, make you laugh until you realize
All you want to be is mine
We'll be sitting on Cloud 9**

The way you smile makes my whole day turn around
You're like a drug that I don't wanna live without
I try I try I try
But I can't get you outta my mind

The way you laugh takes the breath right outta me
Feel like I'm flying- it's like you set me free
And I just can't come down

You've got magic I can't look away
So baby look my way

**Drop your things, let's get lost together
Come with me, I'll show you what you need
Believe it's better than what you've got now**

**We'll stay up, talk until the sunrise
Crack a joke, make you laugh until you realize
All you want to be is mine
We'll be sitting on Cloud 9**

All this time, I feel like my whole life's been incomplete
Let me see if I can be the type of girl you need
Now's our time to bend the rules and take a crazy chance
You won't regret what comes next, if you take my hand...

**Drop your things, let's get lost together
Come with me, I'll show you what you need
Believe it's better than what you've got now**

**We'll stay up, talk until the sunrise
Crack a joke, make you laugh until you realize
All you want to be is mine
We'll be sitting on Cloud 9**
