

# Truth or Dare

We've been having fun no I can't lie  
Always at your place staying the night  
But I hear a voice from the inside

Am I just a trophy your shelf?  
Are you making plans with somebody else?  
Do you think of me when you're by yourself?

Are you gonna say it's over  
Are you gonna pull me closer  
Let me know before I fall too hard

## Truth or Dare

**Now we're just a game of Truth or Dare  
You can run away or play it fair  
Messin with my mind  
I don't know how to win this  
Tell me your intentions**

Am I just your type or a typo?  
I don't really mind if we go slow  
Or you gonna ghost like a no-show?

If you wanna play throw your cards your down  
We got the hottest hand in this whole town  
If you're gonna fold tell me now

Are you gonna say it's over  
Are you gonna pull me closer  
Let me know before I fall too hard

## Truth or Dare

**Now we're just a game of Truth or Dare  
You can run away or play it fair  
Messin with my mind  
I don't know how to win this  
Tell me your intentions**
