

Waste of My Time

**You don't wanna be my boy
But you don't wanna be alone
You wanna spend the night
But you don't want them all to know
You wanna feel the heat
But you don't wanna let it show
Make up your mind**

**You wanna take me out
But it still isn't serious
You wanna take my heart
But you don't wanna give yours up
You wanna show me off
But you keep it mysterious
Won't you decide
Can you show me
You're not a Waste of My Time**

You never had a problem getting what you want
With a swagger like that you could have anyone
So I stopped what I was doing when you looked my way

You leave 'em all crying when you say goodbye
But I thought that I was tough enough to survive
I thought it was a game that I could play

*Well I don't wanna play anymore
I need to know if you want me to be yours*

**You don't wanna be my boy
But you don't wanna be alone
You wanna spend the night
But you don't want them all to know
You wanna feel the heat
But you don't wanna let it show
Make up your mind**

**You wanna take me out
But it still isn't serious
You wanna take my heart
But you don't wanna give yours up
You wanna show me off**

**But you keep it mysterious
Won't you decide
Can you show me
You're not a Waste of My Time**

I think your own emotions caught you by surprise
You slowly took your wall down right before my eyes
You said you never met a girl like me before

So tell me to you want to be together?
No I won't wait around for you forever

**You don't wanna be my boy
But you don't wanna be alone
You wanna spend the night
But you don't want them all to know
You wanna feel the heat
But you don't wanna let it show
Make up your mind**

**You wanna take me out
But it still isn't serious
You wanna take my heart
But you don't wanna give yours up
You wanna show me off
But you keep it mysterious
Won't you decide
Can you show me
You're not a Waste of My Time**

Are you scared 'cause this feels so new to you?
When your emotions are out of your control
If you still want me around then I will stay
But if you can't make up your mind I've got to go

**Do you wanna be my boy,
Or do you wanna be alone?
You wanna spend the night
But you don't want them all to know
F' you wanna feel the heat
Then you gotta let it show
Make up your mind**

**You wanna take me out,
Do you wanna get serious?
If you want my heart**

**Then you gotta give yours up
You wanna show me off
But you keep it mysterious
Won't you decide?
Can you show me
You won't waste my time?**
