

# What's Wrong

Sometimes you really let me in

Sometimes you put up a brick wall

Sometimes you treat me like an angel

And then you're bitter and you're cold

Sometimes you swear you'll stay home with me

And then you go out with your friends

We make up each time we argue

And then we're fighting yet again

**(Chorus)**

**So don't ask me WHAT'S WRONG, 'cause you know WHAT'S WRONG**

**Don't try to claim ignorance**

**You kill me with your kiss and then you treat me like this**

**But I can't say that I don't care**

'Cause I can't live my life without you

'Cause you make me so happy too

And though we've had our ups and downs

I can't bear to lose this thing we've found

Should I believe the words you say?

Is it worth it anymore?

Look at the time, the hours pass

Before you walk in through that door

Now we raise our voice again  
It happens almost every night  
We're spinning like a hurricane  
And I'm tryin to survive

**(Chorus)**

'Cause I can't live my life without you  
'Cause you make me so happy too  
And though we've had our ups and downs  
I can't bear to lose this thing we've found

So don't ask me WHAT'S WRONG 'cause you know WHAT'S WRONG  
I'm gonna lose my mind before too long  
Yea we both know there's something wrong  
But you and me we got to stay strong

**(Chorus)**

'Cause I can't live my life without you  
Won't you say that you need me too?
