Give it to Me Straight

I don't care what you did; we'll work through it
Cause we all make mistakes, no one's perfect
But there's one thing that I can't put up with
It's your pure dishonesty on the situation

So why you feel the need to dance around the truth I don't know
You better spit it out or I'll make sure you're walkin out the door

Nothing in this world
No nothing in this world
Gets me more twisted up
Than people lying to my face
So give it to straight (don't bend the truth)
Give it to me straight (you'll always lose)
Give it to me straight (I trusted you)
Give it to me straight

People say I'm a cool-tempered lady
Got a smile when the whole world is rainy
But if I hear that you've been real shady
There's a storm around the corner just for you

So why you feel the need to dance around the truth I don't know
You better spit it out or I'll make sure you're waltzin out the door

Nothing in this world
No nothing in this world
Gets me more twisted up
Than people lying to my face
So give it to straight (don't bend the truth)
Give it to me straight (you'll always lose)
Give it to me straight (I trusted you)
Give it to me straight

Give it to me straight
Give it to me straight
Give it to me straight to my face now honey

Cause I would never tell a lie
I would never ever tell a lie to you my friend

Is it really hard
Is it really hard
Is it hard to say what's on your mind

You better turn around
Better turn around
Turn around before I say goodbye

So give it to straight (don't bend the truth)
Give it to me straight (you'll always lose)
Give it to me straight (I trusted you)
Give it to me straight
