

Off My Mind

Pretty faces all around me
But I'm not looking at them
I can't help it, you distract me
Can't get you outa of my head
I try to focus but it's useless
Your words are coming to me
You got those eyes lookin at me
You got me on my knees

Oh I don't know how this started
But I do know that I ain't finished yet
No I ain't finished with you

**And I don't know how and I don't know why
And It won't make a difference even if I try
But I know I gotta know I gotta know I gotta get you off my mind
But I know I gotta know I gotta know I gotta get you off my mind**

Why do you use me? why seduce me?
There are other fish in the sea
And you can have them if you want them
Oh so easily
I should cut you out, but you're a part of me
And I'm afraid I'll bleed

Oh I don't know how this started
But I do know that I ain't finished yet
No I ain't finished with you

**And I don't know how and I don't know why
And It won't make a difference even if I try
But I know I gotta know I gotta know I gotta get you off my mind
But I know I gotta know I gotta know I gotta get you off my mind**

I open my mouth but I can't speak
Please honey for my sanity
Just walk away and let me be

Oh I don't know how this started
I don't know how this started
I don't know how this started yeah

**And I don't know how and I don't know why
And It won't make a difference even if I try
But I know I gotta know I gotta know I gotta get you off my mind
But I know I gotta know I gotta know I gotta get you off my mind**
